

VOXXED DAYS 2026
LUXEMBOURG

Voxxed Days Conferences

Launched in 2015, **Voxxed Days** is an initiative from the **Devoxx** community and is a series of **tech events** organised by **local community groups** and supported by the **Voxxed team**. Sharing the Devoxx philosophy that content comes first, these events see both internationally renowned and local speakers converge at a wide range of locations around the world.

Topics covered at Voxxed Days include:

Accessibility, Web UI & UX,

Backend and integration technologies,

Mobile & IOT, Cloud & Scaling, Programming languages,

Architecture, Performance and Security,

DevOps, Agile, Methodology & Tests,

Future & Robotics, Big data,

Machine Learning, AI & Analytics.

Voxxed Days Luxembourg 2026

Voxxed Days Luxembourg, is organized by YaJUG, the Java User Group of Luxembourg since 2016, but is covering content well beyond the Java community and interests.

For the eighth edition (and 10th anniversary) in 2026, the conference will take place on **2 days: June 18th and 19th.**

This 2 days formula has been successful during several years and matches what attendees and sponsors expect.
